Re: Tyler Union Product ARRA Compliant – Wholly Made in the USA Manufactured Products

Tyler Union offers a full product line including accessories made in the USA. Tyler Union Waterworks fittings wholly manufactured in the USA are provided with the Country of Origin cast onto each fitting in accordance with ANSI/AWWA C153/A21.53 and ANSI/AWWA C110/A21.10, current revisions. Tyler Union Waterworks Fittings are cast with tested and traceable ASTM A536 ductile iron and Tyler Union Valve Boxes are cast with tested and traceable ASTM A48 cast iron.

Tyler Union domestic made product complies with the requirements of the ARRA ACT of 2009 and can be utilized for qualified USDA Rural Development and ARRA funded projects. Using USEPA guidance regarding substantial transformation in conjunction with the Section 1605 of the ARRA Act of 2009; we provide the following responses to questions regarding our domestic made products.

Qualification and Determination of Substantial Transformation

Yes No

- 1) Were all of the components of the manufactured good manufactured in the United States, and were all of the components assembled into the final product in the U.S.? Yes
- 2) Was there a change in the character or use of the good or components in America? No
- 2a) Was there a change in the physical and/or chemical properties or characteristics designed to alter the functionality of the good? No
- 2b) Did the manufacturing or processing operation result in a change of a product(s) with one use into a product with a different use? No
- 2c) Did the manufacturing or processing operation result in the narrowing of the range of possible uses of a multi-use product? No
- 3) Was(/were) the process(es) performed in the U.S. (including but not limited to assembly) Complex and meaningful? Yes
- 3a) Did the process take a substantial amount of time? No
- 3b) Was (/were) the process(es) costly? Yes
- 3c) Did the process(es) require particularly high skill level? Yes
- 3d) Did the process(es) require a number of different process? Yes
- 3e) Was substantial value added in the process(es)? Yes

Qualification for Section 1605 of the ARRA Act of 2009

Yes No

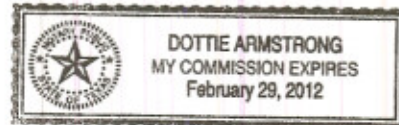

- 1) Are Tyler Union Waterworks Fittings made in the USA made of Iron or Steel? Yes

Utilizing USEPA guidance regarding substantial transformation of manufactured goods inclusive of Section 1605 of the ARRA Act of 2009; Tyler Union Waterworks manufactured goods are qualified in accordance with the ARRA Act of 2009 for your ARRA Waterworks project(s). Tyler Union offers products made in the USA and from the Republic of China. Be sure to specify made in the USA when placing an order for your ARRA project(s); this will ensure traceability through our ordering systems.

Sincerely,
