

May 4, 2009

Dear Valued Customer,

Our new List Price, LP 5091, dated May 1, 2009 is now in effect. We have identified a few corrections to the prices originally posted on the Tyler/ Union website on April 15, and also need to clarify one pricing matter.

Clarification - Non-Domestic Accessories: We have added Non-Domestic accessory packs in both C153 and C110. These items have a Non-Domestic UPC number shown on the List Price sheets. Tyler/Union reserves the right to ship either these Non-Domestic items or their Domestic equivalent against Blended orders.

Addition: Subsequent to our original web-posted LPS we added the following:

p. 23 MJ Transition Accessory Pack Less Gland – 4” – 12”
