

Congratulations !!!!

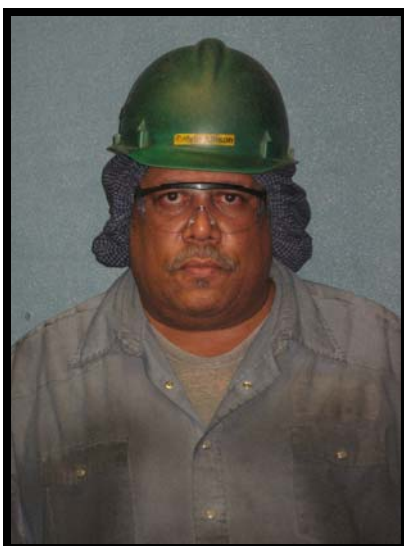

To all who received a **T.A.G.** this quarter

What is a T.A.G. you ask?

Targeted to receive an
Appreciation
Gift

Tag's are given to employees by management for their outstanding efforts in performance and or contributions in the areas of Safety, Environmental, Production or other events recognized as exceptional while performing the normal functions of your daily activities. Employees get a choice of gift selections in the Human Resources Department which range from denim shirts, ball caps, golf shirts, coffee cups, etc.

| Name | Reason for T.A.G. |
|---|--|
| Bennie Jackson SP Cupola | Discovered and reported significant number of deviations in our Cupola daily reporting process that had gone undiscovered for a period of months |
| Bob Wolters SP Finishing | Identified major deficiencies in CNC maintenance plus instrumental in improving communication between maintenance and production |
| Johnny Stevens NP Stationary Pipe | Idea on Kicker for Green Pipe |
| Kristi Fields Shipping | Dealt with customer complaint successfully |
| Tony Caudill SP Engineering | Headed an investigation to determine why the 65 ton furnace was not operating as it should |
| Morris Willis SP Impact | Identified the 65 ton furnace was pouring slow; furnace was repaired which greatly reduced magnesium consumption at Tyler Pipe |
| Jimmy Allen Shipping | Maintain equipment readiness and minimizing downtime and equipment appearance |
| Rayford Jackson SP Impact | Advised his manager and others that the 65 ton furnace was not pouring iron correctly; too slow. This reduced cost in the South Plant |
| Loretta Walker Shipping | Identified broke pipe in bundle that had been inspected by many; she caught it after it was loaded |
| Matthew Lewis SP Impact Millroom | Perfect responses to auditors; Knew all material he was trained on |
| Samuel Frances SP Impact | Identified missing date code thus preventing scrap and ensuring product quality |
| Derick Miller SP Impact | Assisting in Media Tour |
| Jerry Freeman SP Impact | Assisting in Media Tour |
| Larry Simmons NP Cupola | Saw a bag house overflowing and reported it to the Core Room instead of driving off and ignoring it |
| Juan G. Hernandez Impact Millroom | Set a record for average pounds ground per week; As a Relief Grinder, ground 3314 lbs per hour whereas the standard is 2750 lbs per hour |
| Calvin Ellison Impact Millroom | Set a record for average pounds ground per week; Ground 3568 lbs per hour whereas the standard is 2750 lbs per hour |

**Featured "T.A.G."
Receivers**
**Calvin Ellison &
Juan G. Hernandez**
SP Impact Millroom
Set a record for average pounds
ground per week
